

QuikBinder™ Plus A Ratchet Like No Other

3 position pawl.

This premium patented ratchet binder is unlike any other binder available on the market today. Now it is better than ever, with higher working load limits designed for use with either Grade 70 Transport or Grade 80 Alloy tie-down chains.

The QuikBinder™ PLUS is easier to install than standard ratchet loadbinders. The 3-position pawl offers the user a choice of ratchet extension, ratchet take-up or a “free spin” setting for fast adjustment in either direction. A load can be secured in half the time. It is available in three sizes and features a vinyl coated barrel for a strong, comfortable grip.

The folding handle makes the QuikBinder™ PLUS safer (no handle sticking out) and more convenient to use. Simply fold the handle down after the load is secure or when storing on your cab rack. Stronger, faster, safer and more functional than standard ratchet binders.

The QuikBinder™ PLUS can be locked to the tie-down chain with a long shank padlock, making it more difficult to tamper with the binder, assembly or the load. Padlocks with programmable combinations are also available. See page 129 of this catalog for more information.

Our loadbinders meet all DOT/CVSA/CCMTA requirements. The special hook construction supports the load of the chain and will not bind. Loadbinders are heat treated and proof tested with forged heat treated hooks. The Working Load Limit is permanently marked on handle. Our loadbinders feature special links with controlled flash welds.

Tamper resistant.

WARNING

Do not exceed Working Load Limits (WLL)!
See the SAFETY GUIDELINES section before using these products.

QuikBinder™ Plus Ratchet Loadbinder

Chain Size G70 or G80 (Inches)	Take Up (Inches)	Handle Length		Qty. Per Package	Lbs. Per Package	Working Load Limit	
		Folded	Straight			Lbs.	Kgs.
